13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work and approximate duration thereof. If the proposal deepens directionally or recompletes horizontally, give subsurface location and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirement, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

A successful Mechanical Integrity Test was performed on the referenced well on 6/14/07. Representatives from the BLM and the NM OCD were present to witness the test.

The following was performed:

MIRU kill truck and pressured casing to 560 psi. Held pressure for 30 minutes - held OK. RDMO.

We request that this well be returned to Temporarily Abandoned status while we evaluate this well's potential.

See attached chart.
