Section 34, T18S-R26E  
Eddy County, New Mexico

Dear Mr. Bratcher,

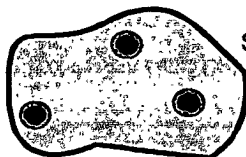

The following actions have been performed by Yates concerning Form C-144 submitted April 9, 2008, the below-grade tank has been removed, excavated soils were taken to an approved OCD facility and composite samples were taken (6/3/2008), the depth of the tank bottom is approximately six (6) feet below grade. Enclosed are analytical results, (including stock piled excavated soils) with the Total Ranking Score of ten (10), RRAL's for BTEX is 50 ppm and TPH is 1000 ppm. Yates Petroleum Corporation requests closure of the below grade tank site and to use stockpile for back filling of excavation.

Thank you.
