	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	of June 6, 2008

13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

BEPCO, L. P. respectfully requests a second extension of the approved P & A procedure, for the subject well-bore, that is due to expire on September 1, 2008. BEPCO's investigations have revealed potential in the Morrow that needs further economic evaluation. If found to be economically feasible, we will add add Morrow perforations and possibly stimulate this formation. Additionally, an unconventioal Bone Spring Shale formation exists in this area that needs further evaluation as to it's extent. BEPCO requests an additional 90 days to further evaluation these zones. At that time, we will either P & A the wellbore, outright, or test the zones in question as we come uphole with plugs.

BEPCO appreciates the BLM's patience with our evaluation process, as we attempt make a concerted effort bring our shut-in and T.A.'d wells into compliance, without sacrificing useful wellbores.

* By 12-1-08 the well is being in the process of being recompleated on plugging operations in progress.

BEP CO, L. P. respectfully requests the extension of the approved P & A procedure, for the subject well-bore, that was granted on March 1, 2008. BEPCO would like the additional time to re-evaluate the potential of the wellbore before abandonment. The current P & A procedure expires on June 1, 2008. BEPCO will have the wellbore returned to usefulness or P & A'd within 90 days if an extension is granted. Please find the attached approved P & A procedure.

* Extension expires 9/1/08
