- 13 Describe Proposed or Completed Operation (clearly state all pertinent details, included estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

09/03/08 Ran MIT at 560 psi for 30 minutes, witnessed by Terry Cortwright (BLM). Please see attached chart.

Cimarex respectfully requests TA status due to horizontal Cisco-Canyon and/or horizontal Delaware potential. Cimarex has recently begun a horizontal Cisco-Canyon and Delaware program in the White City; Penn area. Currently drilling third well in the Delaware program and starting Cisco-Canyon project. Pending reservoir and production data from our Cisco-Canyon/Delaware program we will schedule this well for a horizontal Cisco-Canyon or Delaware re-completion.
