13 Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Mack Energy Corporation proposes to extend the well pad to the southwest 60' from the edge of location in order to build a tank battery. This is within an already disturbed area and within the 600' x 600' arch cleared area. Attached is a drawing of the proposed work.
