I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

RE: Gissler B #41  
Spill

Mr. Bratcher:

Find attached spill report for the acid leak I reported to you on 10/3/08. I also called Jim Amos with BLM and was told to cleanup as we did, and I will send him a copy of the C-141.

Should you need anything further, please call.
