13 Describe Proposed or Completed Operations (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Lime Rock Resources would like to clarify and correct some mistakes made by this well's prior operator. The APD was incorrectly written by the former operator SDX for the Artesia: GL-YE pool (96830). The well was never open or completed in the Artesia: GL-YE. The completion report (3160-4) was also incorrectly written by SDX for the Artesia: GL-YE, but all the data on the report was correct for the well's completion in the San Andres. The original C-104 on the State web site for this well is actually for the Pure Federal #3 (30-015-35606). Lime Rock became the operator on 7/1/08. On 8/15/08, Lime Rock completed a same zone payadd workover & filed an NOI (3160-5), a change of operator requested by the BLM (3160-5), a 3160-5 of the workover details, a completion report (3160-4) for the payadd perfs, and a C-104 for the additional San Andres interval. Lime Rock believes that the well is producing from the Red Lake: Q-G-SA (51300). Currently, the State computer for the C-115s does not indicate the correct producing pool.

Lime Rock believes that only one pool, the Red Lake: Q-G-SA (51300) is producing. If any of this information is incorrect or needs additional paperwork please advise.
