13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Pursuit to Onshore Oil and Gas Order No. 3, Site Security, St. Mary Land and Exploration is submitting this Site Security Diagram for the Seminole Federal Battery, as per section F - Self Inspection, to provide a current diagram that assures there is compliance with the minimum site security requirements. In addition to the submittal to the authorized officer, a copy of this document will be keep at St. Mary's office in Midland, Texas and is available upon request during the working hours of 8 am - 5 pm, Monday through Friday.

Accepted for Record Purposes.

Approval Subject to Onsite Inspections.
