13 Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Yates Petroleum Corporation is changing the name for the captioned well from the Corral Draw AQH Federal #8 to the Corral Draw AQH Federal #3H. The new bottom hole location will be 330' FNL and 1980' FWL.

The surface hole location will be same as on our approved APD for the Corral Draw AQH Federal #8 dated July 28, 2006 being 330' FSL and 990' FWL.

Please note attached C-102 and the revised drilling plan and Multi Use Surface Use Plan.

Thank you.
