For use proposed or permitted operation, clearly state all pertinent details including estimated starting date of any proposed work and approximate duration thereof. For use proposed to deepen directionally or to complete horizontally, give subsurface locations and measured and true vertical depths of all perforations in feet and inches. For use proposed to perform work on the well, provide the Board No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-3 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements including reclamation, have been completed, and the operator has filed a report that the site is ready for final inspection.

MOC would like to ask for a time extension for a Site Reclamation for the above captioned well. We will need to notify partners & hire out contractors.

If you have any questions, please call Robin Ferrell at 575-390-4816.

Extension has been granted for 60 days
Operator must comply on or before
January 24th, 2010

I hereby certify that the foregoing is true and correct.
