TA status may be granted after a
successful MIT test is performed.
Contact the OCD to schedule the
test so it may be witnessed.

OXY USA WTP LP request an additional Temporarily Abandon Status Approval. Under the prior TA Status OXY
evaluated this well along with 50 others offset. OXY has found the well to have a proved productive zone
in the Yeso. OXY request a TA Status be approved to 01/01/11. This time will allow OXY to test the Zone
in multiple wells to form a pilot project and return as many wells as possible to production. The well
currently is not an environmental risk. Last MIT passed 2/3/06, OXY will re-MIT the well.
