Describe Area Affected and Cleanup Action Taken.*

Well pad and vegetation in a 75 to 100 ft. area. Plan to mix and blend fertilizer. Also plan to repair stuffing box.

I hereby certify that the information given above is true and complete to the best of my knowledge and understanding that pursuant to NMOC rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOC as a "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that poses a threat to ground water, surface water, human health or the environment. In addition, NMOC acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
