13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Surface remediation of the location has been completed under the direction of Jim Amos with the BLM. Samples were taken in the areas of concern. The caliche was removed from the road and placed in the areas of concern. 8 to 10 inches of clean top soil was spread over the entire location. The area was seeded with the Pecos District Desired Plant Community seed mixture, fertilized with cow manure and watered.
