Re: Application of Chesapeake Operating, Inc. for administrative approval of an unorthodox well location for its PLU Big Sinks "27" Federal Com Well No. 1H to be drilled from a surface location and penetration point 215 feet from the South line and 400 feet from the East line and a bottomhole location 330 feet from the North line and 400 feet from the East line of Section 27, Township 24 South, Range 30 East, NMPM, Eddy County, New Mexico.

Dear Mr. Fesmire:

Chesapeake Operating, Inc. ("Chesapeake") hereby seeks administrative approval pursuant to the provisions of Division Rules 19.15.15.13 and 19.15.16.14 for an unorthodox well location for its PLU Big Sinks "27" Federal Com Well No. 1H. This well is located in Section 27, Township 24 South, Range 30 East, N.M.P.M., Eddy County, New Mexico and is to be drilled in the Bone Spring formation at a surface location and a penetration point 215 feet from the South line and 400 feet from the East line and a bottomhole location 330 feet from the North line and 400 feet from the East line of Section 27, Eddy County, New Mexico. A 160-acre project area has been dedicated to this horizontal well comprised of the E/2 E/2 of Section 27.

This location is unorthodox because the Bone Spring formation under this acreage is governed by the Division's statewide rules which provide for wells on 40-acre spacing units to be located no closer than 330 feet to the outer boundary of the spacing unit. Division Rule 19.15.16.14 defines the "Penetration Point" as "the point where the wellbore penetrates the top of the pool from which it is intended to produce." The wellbore penetrates the Bone Spring formation at a point 215 feet from the South line of Section 27 and is therefore closer than allowed by Division rules.

HOLLAND & HART LLP

Although the wellbore penetrates the top of the Bone Spring at an unorthodox location, the well will be at a standard location at the producing interval. Chesapeake is targeting the Avalon Shale at approximately 9190 feet (TVD). Therefore, once Chesapeake reaches the targeted formation, it will be at a standard location.

Exhibit A is a plat showing the location of the well. This location is encroaching to the south of Section 27. This location is within the Poker Lake Unit which is operated by BOPCo. A copy of this application with all attachments was mailed to BOPCo. and advised that if they have an objection to this application it must be filed in writing with the Division's Santa Fe office within twenty days from the date notice was sent. They were also advised that if no objections were received by the Division within twenty days, the Division Director could approve the application.

Exhibit B is the C-102 for this well.

Exhibit C is the notice list.

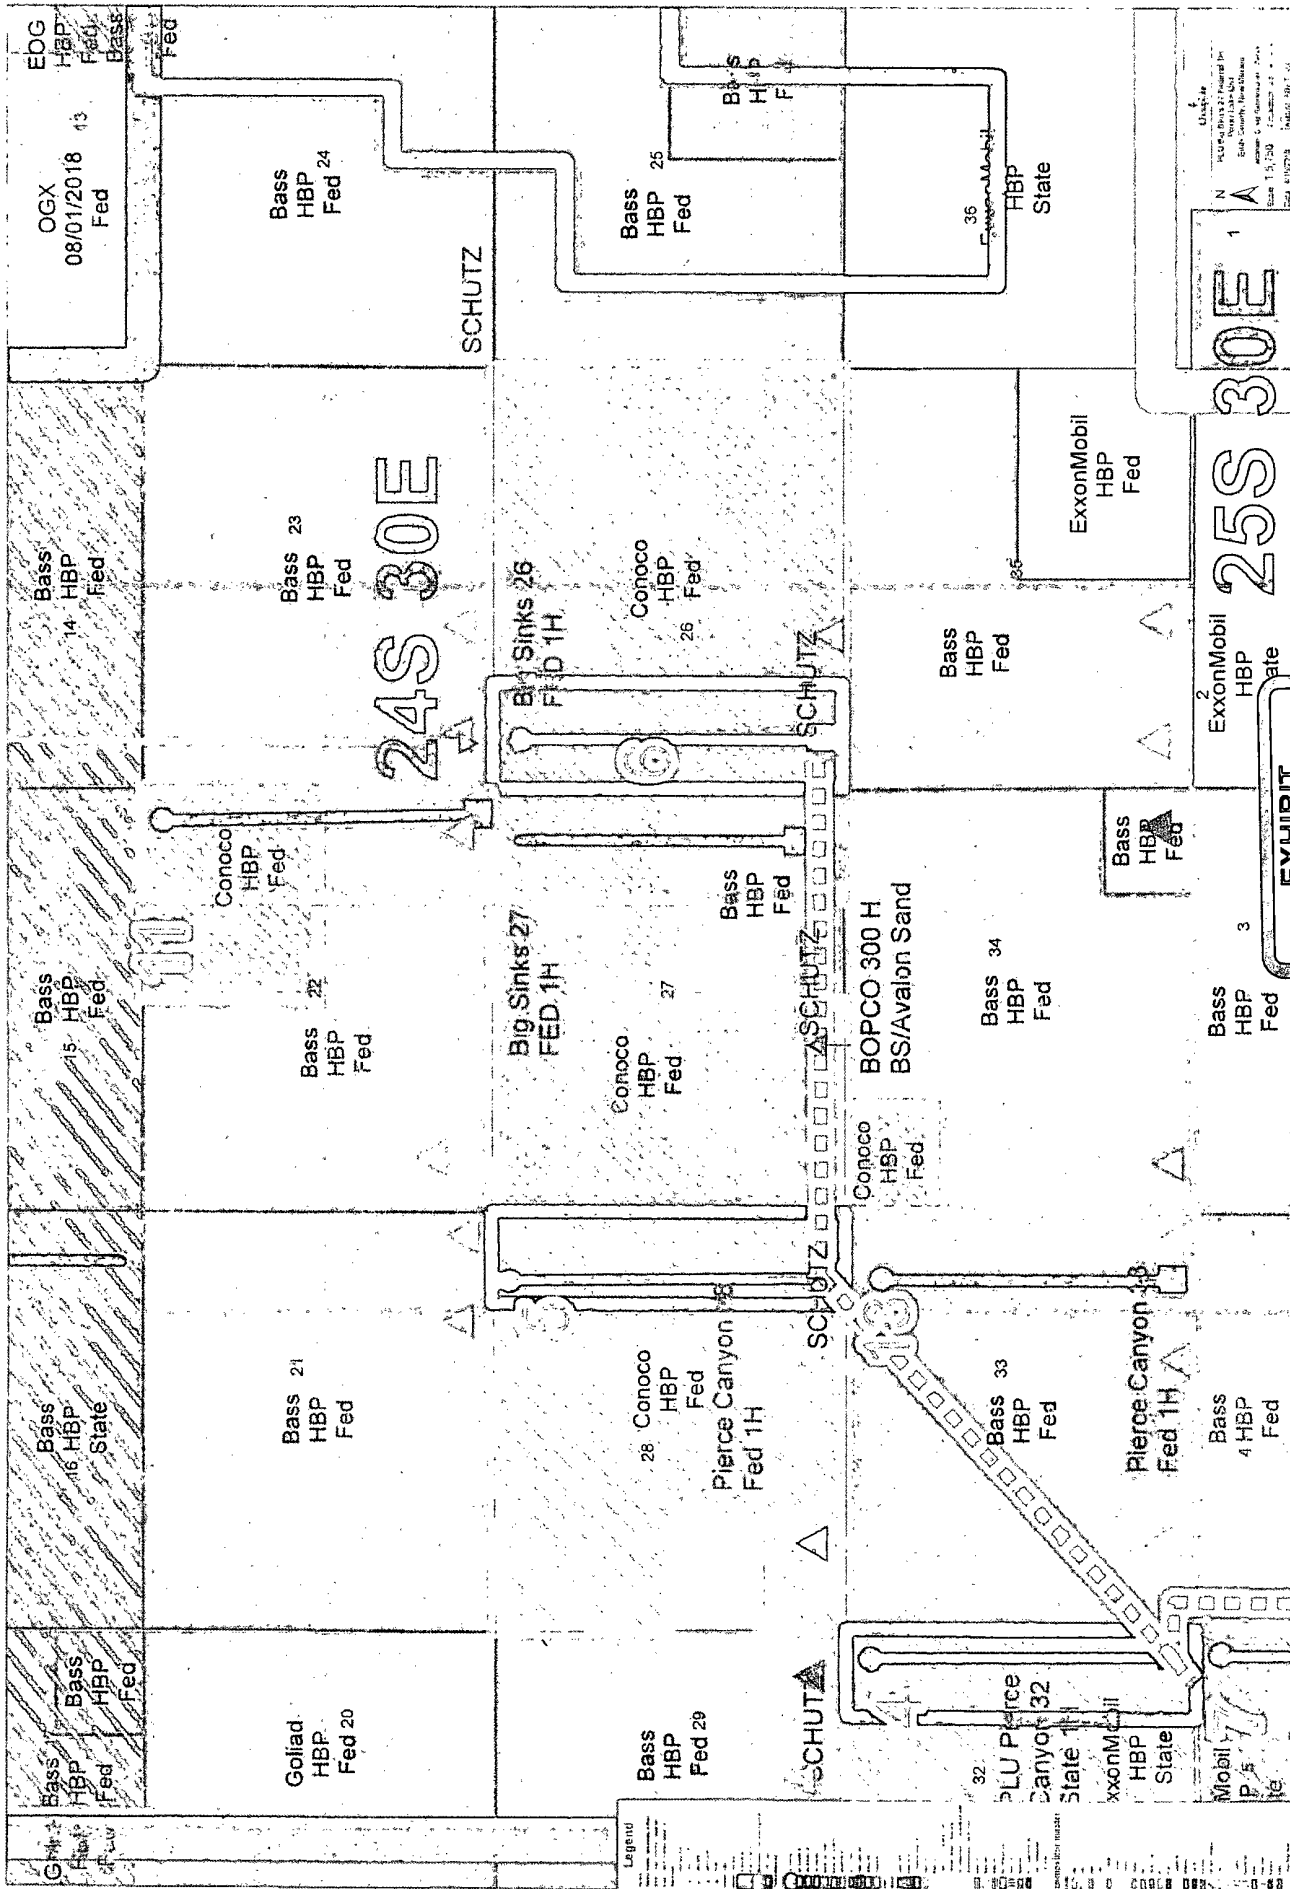

Your attention to this application is appreciated.

Sincerely,

Ocean Munds-Dry

Re: Application of Chesapeake Operating Co. for administrative approval of an unorthodox well location for its PLU Big Sinks "27" Federal Com Well No. 1H to be drilled as a horizontal wellbore in Section 27, Township 24 South, Range 30 East, N.M.P.M., Eddy County, New Mexico.

Ladies and Gentlemen:

Enclosed is a copy of the above-referenced application which was filed with the New Mexico Oil Conservation Division on this date by Chesapeake Operating Co. for administrative approval of an unorthodox well location for its PLU Big Sinks "27" Federal Com Well No. 1H. This well is located in Section 27, Township 24 South, Range 30 East, N.M.P.M., to be drilled to the Bone Spring formation from a surface location and penetration point 215 feet from the South line and 400 feet from the East line to a bottomhole location 330 feet from the North line and 400 feet from the East line of Section 27, Eddy County, New Mexico.

As an owner of an interest that may be affected by the proposed well, you may object to this application. Objections must be filed in writing within twenty days from this date at the Division's Santa Fe office that is located at 1220 South Saint Francis Drive, Santa Fe, New Mexico. 87505. If no objection is received within this twenty-day period, this application for an unorthodox well location may be approved.

Sincerely,

Ocean Munds-Dry
