13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Devon Energy Production Company, LP request a 10 day extension to the Sundry Notice approved on 12/13/2010 granting Devon 60 days to move Patterson Rig 41 onto location after Ashton Oilfield Services set surface casing. Ashton Oilfield Services set surface casing and moved off location on 1/15/2011; therefore this requested extension would give Devon until 3/26/2011 to move Patterson rig on location and commence drilling operations.

Thank you for your understanding on this matter.
