13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

In reference to Notice of Written Order dated 2/23/2011, Snow Oil & Gas Inc (Snow) wishes to propose a plan to restore the conditions of the pit to previous conditions or as close as possible. Snow will take soil samples for chloride etc. at or below 6" subsurface on or before April 30, 2011. BLM witness will be present. Upon the findings of said samples, Snow will analyze best way to reclaim the pit to original conditions, or as close as possible. Snow will also remove the line that is going into/through the pit area as referenced in the above Notice.

Snow would like to protest a reduction in pad size as Snow has plans to re-work the above well at a later date in the near future. A Sundry notice will be provided upon said work over.

Rejected

Pit issues will require approval from OCD and BLM. Pad reduction is required in the original APD/COA's
