#### BLM Remarks, continued

more than 30 days.

Therefore you are to do the Following:

 Submit a plan of action with time frames included that will outline procedures to place each and every well on this lease back into proper status, IE producing , injecting with successful MIT as necessary, or a Notice of Intent to plug and abandon wells as necessary. This plan of action will be subject to approval by our Engineers. Time frames shall be kept to a minimum.

2. Injection into any wellbore of which has failed a CIT or MIT must cease immediately upon failure and shall not be put back on line until repaired and a witnessed MIT is performed. Witnessing shall be done either by the NMOCD or BLM.

3. It is advisable that this company make arrangements to meet with our staff to discuss measures necessary to obtain long term compliance. Field personnel as well as engineering and management should be included. You may call Jerry Blakley 575-234-5994 to make such arrangements. Complete contact information is at the bottom of this order.

4. Corrective action to be completed by the following time frames: 6/15/2011

5. 43 cfr 3162.4-1(c) also requires you to notify the authorized officer, not later than the fifth business day after production is resumed for any well which has been off production for more than 90 days, the date on which such production was resumed. Notification may be by letter or sundry notice, or orally followed by letter or sundry notice.

For monitoring and tracking purposes, please submit appropriate paperwork to this office

attention: Jerry Blakley

Sec. 3162.3-4 Well abandonment.

a) The operator shall promptly plug and abandon, in accordance with a plan first approved in vriting or prescribed by the authorized officer, each newly completed or recompleted well in which ill or gas is not encountered in paying quantities or which, after being completed as a producing rell, is demonstrated to the satisfaction of the authorized officer to be no longer capable of roducing oil or gas in paying quantities, unless the authorized officer shall approve the use of ne well as a service well for injection to recover additional oil or gas or for subsurface isposal of produced water. In the case of a newly drilled or recompleted well, the approval to bandon may be written or oral with written confirmation.

o) Completion of a well as plugged and abandoned may also include conditioning the well as water upply source for lease operations or for use by the surface owner or appropriate Government gency, when authorized by the authorized officer. All costs over and above the normal plugging and bandonment expense will be paid by the party accepting the water well.

) No well may be temporarily abandoned for more than 30 days without the prior approval of the Ithorized officer. The authorized officer may authorize a delay in the permanent abandonment of a ell for a period of 12 months. When justified by the operator, the authorized officer may thorize additional delays, no one of which may exceed an additional 12 months. Upon the removal drilling or producing equipment from the site of a well which is to be permanently abandoned, e surface of the lands disturbed in connection with the conduct of operations shall be reclaimed accordance with a plan first approved or prescribed by the authorized officer.
