13. Describe Proposed or Completed Operation (clearly state all pertinent details, included estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and growth of the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and growth of the following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160.4 shall be fed within \$3.0500 per 100.4 shall be fed only after all requirements, including reclamation, have been completed, and this operation by a fed all requirements, including reclamation, have been completed, and this operation by a fed all requirements, including reclamation, have been completed, and this operation by a fed all requirements, including reclamation, have been completed, and this operation by a fed all requirements, including reclamation, have been completed, and this operation by a fed all requirements, including reclamation, have been completed, and this operation by a fed all requirements, including reclamation, have been completed, and this operation by a fed all requirements, including reclamation, have been completed, and this operation by a fed all requirements, including reclamation, have been completed, and this operation by a fed all requirements, including recompletion or recompletion or increased and such as a fed all reports and a fed	Subsequent Report Casing Repair New	w Construction	Recomplete		Х	Other Change	ВОР		
13. Describe Proposed or Completed Operation (clearly state all pertinent details, included estimated starting date of any proposed work and approximate duration thereof. If the proposal is to despen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and pages. Attach the board under which the work will be performed or provide the Bond No. on file with BLMBAIN. Required subsequent in shall be filed within 30 days. The provided performed provides the Bond No. on file with BLMBAIN. Required subsequent in shall be filed within 30 days. The provided performed from the provided operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160.4 shall be filed within 30 days. The provided presentation is a shall be filed with 30 days. The provided performed the state of the provided performed the state of the provided performed to the site is ready for final inspection.)  Climarex is switching to a 3000 psi BOP as shown below to drill the Meadowhawk 5 Federal No. 3:  An 11½" 3000 PSI working pressure B.O.P. consisting of a one set of blind rams and one set of pipe rams and a 3000 psi annular-type preventor. A choke manifold and 120 gallon accumulator with floor and remote operating stations and auxiliarly power system. A kelly cock will be installed and maintained in operable condition and a drill string safety valve in the open position will be available on the rigi floor. Test BOP equipment and choke manifold to 250 psi low and 3000 psi high and annular BOP to 250 psi low and 1500 psi high by an independent service company.  BOP unit will be hydraulically operated. Below intermediate casing shoe, BOP will be operated at least once a day while drilling and the blind rams will be operated when out of hole during trips. No abnormal pressure or temperature is expected while drilling. From the base of the surface pipe through the running of production casing, the well will be equipped with a 3000 ps	X Change Plans Plu	g and Abandon	Temporarily Ab	andon					
In the operation of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a form 31604 shall be filed noted testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed.
