

Dear Vito -

Nien's Feb 8.

Just received your letter of
Jan 31st.

Have been awfully busy from 6 to 6.

We are covered over with a
bad fishing job. Doubt if
we can clean it up.

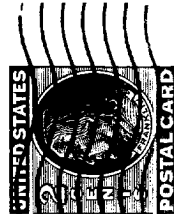

May be ready to plug by
Sat.

However if you can't see
your way clear to not
survey a work-over job.

Please arrange to send
some Engineer to survey
the old locations. You
know them here in Artesia.

Would you do me that favor.

Kindest regards
H. ... 18th
