Chaves County, New Mexico

Dear Mr. Armstrong,

Pursuant to your letter of March 10 regarding the captioned well, we hand you form C-103 indicating the casing which we ran.

Also enclosed is form C-102 previously submitted. In this connection, the plugging proposal was specified to us by Mr. James I. Wright of the State Engineer Office. Upon your approval, Mr. Wright will be advised when plugging operations are scheduled in order that he may be on hand to witness them.

Very truly yours,

BILL A. SHELTON

Re: Wells Lease, well No. 1,
Unit L, Sec. 8-10S-25E,
Chaves County, New Mexico

Dear Sir:

I am returning the enclosed C-102 on the above-captioned well. We need to know if you ran any pipe on this well. If so, please send us the size, weight, and quantity of cement used on form C-103.

You will need a 25 sack plug at the total depth on the above-captioned well, and from then on you should talk to the State Engineer regarding the plugging, as he wants to witness it.

Very truly yours,
