Sec. 17-10S-25E, Undesignated
Pool, Chaves County, New Mexico

Gentlemen:

This will acknowledge receipt of form C-104 (Request for Allowable) on the above-captioned well. We are returning this form for the following corrections:

- 1) Please fill in correct top oil/gas pay;
- 2) Producing formation cannot be Grayburg near your indicated total depth (perhaps this should be the San Andres);
- 3) Please indicate the 'date first new oil run to tanks';
- 4) Please provide complete casing and cementing information.

It will also be necessary for you to submit three (3) copies of form C-103 on each string of casing run, indicating depth, number of sacks cement, and results of test of casing shutoff. In addition, please submit five (5) copies of form C-110 (Authorization of Transporter). Form C-110 should accompany form C-104. If electric logs were run, we would appreciate a copy for our files.

Please see that the above forms are submitted to this office as soon as possible so that your allowable can be assigned.

Very truly yours,

OIL CONSERVATION COMMISSION
