Sec. 17-10S-25E, Undesignated
Pool, Chaves County, New Mexico

Gentlemen:

This will acknowledge receipt of forms C-103, C-104, C-110, and C-105 on the above-captioned well. We are returning form C-104 for the second time and ask that you make the following corrections requested in our letter of October 6, 1960:

- 1) Please fill in correct "top oil/gas pay" - i.e., the depth at which you drilled into the producing formation;
- 2) Please indicate "date first new oil run to tanks," and complete "casing and cementing record" information in the space provided.

We are also returning form C-105 in order for you to give complete data in the space provided under "oil sands or zones," "important water sands," and "formation record."

We will hold form C-110 until the above corrections have been made. Please see that this work is taken care of immediately.

Very truly yours,

OIL CONSERVATION COMMISSION
