Dear Sir:

With reference to your letters No. A-56 and 57 dated May 10th. We have checked with several individuals in regard to the allowable you have set in these letters and no one can explain. Will you please give us an explanation as to how and why these figures were arrived at?

Regarding our telephone conversation of today, please advise McWood, after sending them a copy of your letter dated May 10th that it is permissible for them to pick up our oil in the amount not to exceed 34 barrels per day for 30 days per month, provided we should be able to produce that much, which is the allowable set by the commission.

Please send us a copy of the letter.

Yours truly,

ALLEN & WAGNER OIL CO.,
