6/2/32.

Mr. J. D. Hunter.  
State Oil & Gas Inspector.  
Carlsbad, N.M.

Dear Sir:

Enclosed you will please find my notice of intention to drill.

I did not know that a permit had to be obtained for a well on Fe land, but did furnish a bond last week, which was mailed to Mr. Wells at Santa Fe, and is on file at that office now.

Owing to the condition of the Leases, this well had to be commenced not later than the 31st of May. Which date the Well was spudded.

However I am sorry that I had to start this well before conforming with your regulations, but did not know this had to be secured.

But I assure you that I will cooperate with you in the future, in regard to the well, if you will inform me as to any requirements.

Yours Truly,  
R.D. Compton Oil Co Inc.  
By. *R.D. Compton*  
*President.*
