OIL CONSERVATION DIVISION

IN THE MATTER OF THE HEARING CALLED BY THE OIL CONSERVATION DIVISION ("DIVISION") ON ITS OWN MOTION TO PERMIT CHARLES W. HARLE, OPERATOR, AMERICAN MANUFACTURERS MUTUAL INSURANCE COMPANY, SURETY, AND ALL OTHER INTERESTED PARTIES TO APPEAR AND SHOW CAUSE WHY THE ZIMMERMAN WELL NO. 2, LOCATED IN CHAVES COUNTY, NEW MEXICO, SHOULD NOT BE PLUGGED AND ABANDONED IN ACCORDANCE WITH A DIVISION-APPROVED PLUGGING PROGRAM.

CASE NO. 11254
ORDER NO. R-10408

ORDER OF THE DIVISION

BY THE DIVISION:

This cause came on for hearing at 8:15 a.m. on May 18, 1995 at Santa Fe, New Mexico, before Examiner Michael E. Stogner.

NOW, on this 30th day of June, 1995, the Division Director, having considered the record and the recommendations of the Examiner, and being fully advised in the premises,

FINDS THAT:

- (1) Due public notice having been given as required by law, the Division has jurisdiction of this cause and the subject matter thereof.
- (2) At the time of the hearing Case Nos. 11253, 11254, and 11255 were consolidated for the purpose of presenting testimony.
- (3) The witness in this matter, Ray Smith, Deputy Oil and Gas Inspector for the Division, testified via telephone from the New Mexico Oil Conservation Division District Office in Artesia, New Mexico.
- (4) Charles W. Harle of Sonora, Texas was the last known owner and operator of the Zimmerman Well No. 2, located 1650 feet from the North line and 1980 feet from the West line (Unit F) of Section 35, Township 10 South, Range 25 East, NMPM, Chaves County, New Mexico.

(5) American Manufacturers Mutual Insurance Company is the surety on a \$5,000.00 one-well plugging bond on which Charles W. Harle is principal.

(6) The purpose of said bond is to assure the Division that the subject well will be properly plugged and abandoned when not capable of commercial production.

(7) The Zimmerman Well No. 2 has not produced hydrocarbon substance or has otherwise been inactive for more than one year, and no permit for temporary abandonment has been requested by the operator or approved by the Division.

(8) By virtue of the failure to use the subject well for a beneficial purpose or to have an approved current temporary abandonment permit, the well is presumed to have been abandoned.

(9) The current condition of the Zimmerman Well No. 2 is such that if action is not taken to properly plug and abandon this well, waste may occur, correlative rights may be violated, and/or fresh water may be contaminated.

(10) Neither the operator, a representative from the surety, nor any other interested parties appeared at the hearing, either in support of or in opposition to this matter.

(11) The Zimmerman Well No. 2, as described above, should be plugged and abandoned in accordance with a program approved by the supervisor of the Artesia District Office of the New Mexico Oil Conservation Division as soon as possible.

(12) Further, the Division Director should be authorized to take such action as is deemed necessary to foreclose on the subject plugging bond to help defer such plugging cost accrued by the Division.

IT IS THEREFORE ORDERED THAT:

(1) The supervisor of the Artesia District Office of the New Mexico Oil Conservation Division is hereby authorized to direct the commencement of plugging operations on the Charles W. Harle Zimmerman Well No. 2, located 1650 feet from the North line and 1980 feet from the West line (Unit F) of Section 35, Township 10 South, Range 25 East, NMPM, Chaves County, New Mexico.

IT IS FURTHER ORDERED THAT:

(2) Further, the Division Director shall take such action as is deemed necessary to foreclose on the American Manufacturers Mutual Insurance Company \$5,000.00 one-well plugging bond on which Charles W. Harle is principal to help defer such plugging cost accrued by the Division.

(3) Jurisdiction of this cause is retained for the entry of such further orders as the Division may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.
