Re: Rice Andres # 1, Unit C, Sec.
14-14S-25E, Chaves Co, N. M.

Dear Mr. Etz:

On September 20, 1960, I received Form C-103 on the above captioned well stating you ran 950 feet of pipe and cemented it with 125 sacks and that the cement circulated. On the same C-103, you stated that you plugged back from 1220 to 900 feet with 25 sacks. Then on June 22, 1961, you stated on your C-103 that you ran 1152 feet of 5½" casing and circulated with 150 sacks cement. Did you run two strings of pipe in this well?

Will you please send this office Form C-103 on each string of pipe you ran? Also send Form C-105 (6 copies) Well Log. Before you begin plugging this well, please notify this office as we want to witness this job.

Very truly yours,

Re: Rice Andres & Co., Unit C, Dec.
14-12-52, Chavez Co., N. M.

Dear Mr. E. B.:

On September 20, 1960, I received Form C-103 on the above captioned well stating you ran 250 feet of pipe and cemented it with 125 sacks and that the cement circulated. On the same C-103, you stated that you pumped back from 1250 to 900 feet with 25 sacks. Then on June 22, 1961, you stated on your C-103 that you ran 1125 feet of 3 1/2" casing and circulated with 150 sacks cement. Did you run two strings of pipe in this well?

Will you please send this office Form C-103 on each string of pipe you run? Also send Form C-103 (5 copies) Well Log. Before you begin pumping this well, please notify this office as we want to witness the job.

Very truly yours,
