Re: Kelly State C Well No. 1,
Unit 0, Sec. 22, T10S, R26E,
Chaves County, New Mexico

Gentlemen:

A recent inspection of the site of the subject well reveals that the location of the well has not been permanently stenciled on the well marker. When this work has been completed please notify this office on form C-103. Also, on the same form please outline the plugging procedure used from total depth to the surface. The plugging report which was previously submitted shows the plugging to only 324 feet. Further, form C-105 has not yet been submitted for this well.

Very truly yours,

OIL CONSERVATION COMMISSION

M. L. Armstrong
Supervisor, District No. 2
