Oil Conservation Commission

Artesia, New Mexico

Dear Mr. Gressett:

In reply to your notice on the above captioned subject dated 9-3-70, our Forms C-115 on these wells were mailed to you on 9-2-70. The reason the reports were late was because we didn't receive the pumper's weekly reports on these wells until 9-2-70. This was my fault, I guess, for not realizing earlier that his reports were not here in the office. As soon as I did realize it, which was around the 19th or 20th, I wrote him air mail telling him I needed the reports in this office immediately. Why it took him so long in returning them, I don't know.

I apologize for any inconvenience this may have caused you and ask that you please reinstate our allowables.

Very truly yours,

Mrs. Karen Sparks
