Dear Mr. Brown:

This will acknowledge receipt of your C-101, on State #4 in unit C, Section 26-10S-26E, Chaves County, New Mexico.

I received 1 copy of your C-128 on the above well, please forward 2 more copies to this office. I will need these forms before I can approve your C-101. I notice you are using different forms from what regular ones, which is O.K. however these may help.

Very truly yours,

Oil Conservation Commission

M. L. Armstrong
Supervisor, District No. 2

Figure 1 is a line graph titled "Percentage of respondents who believe that the U.S. should take action to reduce global warming, by age group." The x-axis represents age groups: 18-29, 30-49, 50-69, and 70+. The y-axis represents the percentage of respondents, ranging from 0 to 100 in increments of 20. The data points are approximately: 18-29 (65%), 30-49 (75%), 50-69 (80%), and 70+ (85%). The line shows a steady upward trend as age increases.

Age Group	Percentage of respondents
18-29	65
30-49	75
50-69	80
70+	85

1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.
