

August 14, 1950

Mr. Guy Shepard
Commissioner of Public Lands
Santa Fe, New Mexico.

Dear Mr. Shepard:

I was at the Earl G. Levick No. 1 Levick State, in the NE NE, Section 36, Township 9 south, Range 26 east at 9:40 A. M. on August 11th. I inspected the well and from the condition of the mud I am convinced that the well was spudded on August 11th.

Yours very truly,

NEW MEXICO OIL CONSERVATION COMMISSION
