Gentlemen:

Following is a notice of intention to do certain work as described below at the

Earl G. Levick - Levick/State Well No. 1 in NENE
Company or Operator Lease
of Sec. 36, T. 9 S., R. 26 E., N. M. P. M., Field.
Chaves County.

FULL DETAILS OF PROPOSED PLAN OF WORK**FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION**

I inadvertently stated intention to re use size of hole to 10" in my C-102 of August 21st - and run 1800' of 8" casing.

This should have read that our intention was to re use size of hole to 8" and run string of 7" well down in the line to secure dry hole when gas analysis is tested. Believe 1700' will carry well into the San Andres line section.
