207 Carper Building
Artesia, New Mexico

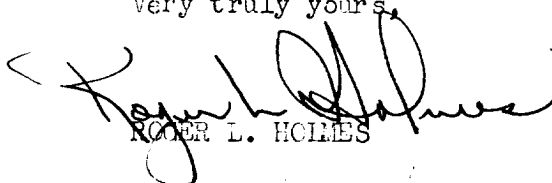

Dear Sir:

Your letter of December, 1959, informing me that your examination of the location "Roger L. Holmes #1 Levick State in Unit A, Sec. 36, 9S - 26E, thereon", revealed that mud pits were open and a permanent marker had not been set at the well site. Your letter also informed me that I should advise your office when the above work had been completed.

Please be advised that said work is now completed and I respectfully request that the plugging reports previously furnished you on this well be placed in line for approval.

If additional information is required, please advise.

Very truly yours,

ROGER L. HOLMES
