Dear Mrs Menager:

In reply to your letter of May 12, 1950,

RE: Noble Trust Well # 1
NE/4 SW/4 18- 48-27E
Chaves County, New Mexico.

Our files reflect that the Rules and Regulations of the Oil Conservation have been complied with by the Apache Oil Corporation. Your bond is your authority to proceed with your operations. The only requirement of the Oil Conservation Commission after receiving this letter would be to file your intention of future operations on our form C-102.

I gave Mr. L. H. Olson of Midland our Rules and Regulations of which he said he would mail one copy to the Tulsa office.

I hop this is the information you require.

Very truly yours,

OIL CONSERVATION COMMISSION
