Mr. M. L. Armstrong, Supervisor  
New Mexico Oil Conservation Commission  
District II  
207 Carper Building  
Artesia, New Mexico

Dear Mr. Armstrong:

I wish to thank you for your kind assistance to me upon my visit with you in your office last week. I had hoped to get the enclosed "intent to drill" into you earlier. Because of a delay in getting the location staked, Mr. Guy Swartz of Roswell is mailing you direct the Form C-128 in triplicate, which should have been attached to the enclosed Form C-101s. I will appreciate your indulgence in deviating from the prescribed manner of filing the required forms in this one instance in as much as the contractor has indicated that he will probably be ready to spud the well the latter part of the coming week.

Yours very truly,  
BLAIR STEELE, et al
