July 10, 1959

Ross Brunner P. O. Box 5667 Roswell, New Mexico

> Re: Honolulu-State, #1 Sec. 14-115-27E.

Dear Sir:

This will acknowledge receipt of C-105 and C-110 on the above mentioned well.

However, before approval can be given on form C-110 Authorisation To Transport Oil, you must submit form C-103 Miscellaneous Reports on Wells for each string of casing, reporting the results of text-of casing shut-off. Also, four (4) copies of form C-104 Request For Allowable must accompany form C-110 before approval can be given.

Please take care of this matter as soon as possible.

Yours truly ,

OIL CONSERVATION COMMISSION

INSTRUCTIONS FOR COMPLETIC

- 1. Operator shall furnish and certify to the information called for in Section A.
- 2. Operator shall outline the dedicated acreage for \underline{both} oil and gas wells on the plat in Section B.
- 3. A registered professional engineer or land surveyor registered in the State of New Mexico or approved by the Commission shall show on the plate the location of the well and certify this information in the space provided.
- 4. All distances shown on the plat must be from the outer boundaries of Section.
- 5. If additional space is needed for listing owners and their respective interests as required in question 3, Section A, please use space below
