Dear Joe:

The above captioned well was drilled on a State lease along with three other wells now identified as Levick "D" #1, 2 and 3. These four wells were sold in the early part of 1969 to Paul Slayton, Security National Bank Building, Roswell, New Mexico 88201.

Evidently Paul failed to file a C-104 on this particular well as your records indicate him as being the operator of the Levick wells but not of this State well. We were in contact with Mr. Slayton's office on May 26, 1976, and they indicated that they would immediately file a C-104 with you in regard to this well.

We are sorry for the confusion created by this, but since our letter of February 3, 1969, to your Artesia District Office, we had not heard anything with regard to this particular well.

Yours very truly,

HANSON OIL CORPORATION
