Re: Levick State "B", Well
No. 3, S21-T11S-R27E SE NE

Gentlemen:

The last report received on the subject well was on May 21, 1959, which was a Notice of Intention to Plug. A recent field inspection indicates that the marker does not have the $\frac{1}{4}$ on it.

Please file form C-103 Plugging Report, and form C-105 Well Record on the above well as soon as possible.

Very truly yours,

OIL CONSERVATION COMMISSION
