Re: White Ranch Well No. 1,
Unit I, Sec. 8-11S-28E,
Chaves County, New Mexico

Dear Sir:

The location of the above-captioned well has recently been checked and we find that the pit has not been leveled and there are about sixty one-quart oil cans on the location. It will be necessary for you to level the pit and clear the location.

You will also need to submit one (1) additional copy of form C-105 (Well Record), and two (2) copies of electric log.

Please take care of the above work as soon as possible so that your plugging report can be approved.

Very truly yours,

OIL CONSERVATION COMMISSION
