Re: C. T. Robertson Well #1
7-11S-28E Unit C
Chaves County, New Mexico

Dear Mr. Robertson:

Am writing you in regard to a well you drilled. Was drilled as White Ranch #1 in unit C-Section 7-11S-28E on September 29th 1960. I approved C-103 temporary abandonment of this well. As you said in your letter that you desired to re-enter at a later date.

Mr. Cressett our field man was to the location yesterday and found that there had not been anything done, I think we have given you ample time on this well, so am notifying you that we would like this well plugged at once. Please notify us when this work is started as we will want to witness same.

Very truly yours,

OIL CONSERVATION COMMISSION
