Unit F, Sec. 27-T12S-R28E,
Chaves County, N.M.

Dear Sir:

Our field man, Mr. Gressett, visited the above captioned well a few days ago and found the pits and mouse hole not filled and no location on marker. The plugs you placed in the hole are leaking as there is a small amount of water running down the marker.

Will you please take care of this matter in the near future.

Very truly yours,

M. L. Armstrong
