Dear Mr. Armstrong:

Enclosed are four copies of Form C-103 showing the results of casing shut off on our Franklin, Aston & Fair, Inc. Waller #1 located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 34, Township 13 South, Range 28 East, Chaves County, New Mexico.

I expect to be running 10" surface casing in this hole Saturday, November 3rd or Sunday, November 4th in order that I may drill the Yates sand free of water. I will send you Form C-102 as soon as we have determined what casing program is indicated and where our casing point will be.

I received eight copies of Form C-103 but will need more in order to continue making these reports. I would appreciate an additional supply.

Sincerely yours,

FRANKLIN, ASTON & FAIR, INC.
