Re: Exemption from Rule  
401 for Operators  
White Ranch # 2 L -  
34-118-29E

Gentlemen:

Due to the fact that the above-captioned well is of a marginal nature as well as being somewhat isolated from a gas market, an exception to the testing requirements of Rule 401 of the General Rules and Regulations is hereby granted.

Should the well become capable of producing larger quantities of gas or a market for the gas become available, the Commission shall be notified and the exemption reconsidered.

Very truly yours,

ELVIS A. UTZ  
Gas Engineer
