Dear Dick:

In reply to your letter of July 22, 1948, Atha Exploration Company Lightcap #1, the Form C-102, Notice of Intention to Plug this well was approved by Justin Newman for a water well and the plugging done accordingly.

The Form C-103 was sent to Mr. Atha and he in turn got the signature of Mr. J. G. O'Brien, land owner, that he would accept it as such. I will bring these forms with me the next time I come to Santa Fe and if Governor Miles don't care to approve them we might take some step toward getting his approval as I know the well is plugged O.K. but the water is no good but due to the fact that the land owner has accepted this well it is O.K. with me.

Very truly yours,

Roy O. Yarbrough
