Att: Mr. M.L. Armstrong:

Dear Mr. Armstrong:

In reply to your letter January 30, 1964 regard Everna Faircloth # 1 Unit-C, 32-7S-27E Chaves County, New Mexico. We have done a lot of work on this well and it is now shut down to try to repair which lookd like a bad cement job on it. Intend to get to work on the wells in the field starting the first of next week if permissable weather. Thanking you for your courtesy in operations.

Very truly yours

  
Clarence Angle
