Mr. M.L. Armstrong  
New Mexico Oil Conservation Commission  
P.O. Drawer DD  
Artesia, New Mexico

Dear Mr. Armstrong:

Forwarded are six copies Well Record and three copies Form C-103 (Plugging Report), J.B. Moorhead No. 1 Samedan-State, recent failure, Chaves County, New Mexico.

Lane Wells Company was instructed to forward you Gamma Ray - Neutron log of the well, and with no information to contrary, it is assumed that delivery of log was made.

Water sample of "200 foot sand" was delivered to the State Engineering office in Roswell, and I checked personally to see that Mr. J.I. Wright had received all well data needed.

Your courtesy in processing my paper work is appreciated, and if I have failed to comply with regulation in any manner, please advise.

  
J.B. Moorhead
