Dear Mr. Stevens:

We hereby acknowledge receipt of Form C-104 reporting a change in oil transporter on the subject well. However, said Form C-104 shows Mobil Oil Corporation trucks which is the same transporter as shown in our records. It does show a gas transporter not connected which up to now, you have shown none. Please clarify this matter.

Further, on May 12, 1976, Form C-103, Notice of Intention to perform remedial work, was approved on this well and to date we have not received the subsequent report of this work.

If you have any questions concerning this matter please feel free to call upon me.

Sincerely yours,

W.A. Gressett
Supervisor, District II
