Roswell, New Mexico

Re: Daniel W. Varel Avalanche  
Journal #1-A SE SE 12-10S-27E  
Chaves County

Dear Sir:

I checked the location on the above well and found the tie downs have not been cut and the marker was not very solid.

On the plugging report there is a note that said to contact you for the inspection of this well. I tried to call you a couple of times when I was in Roswell but did not get an answer.

Please notify this office when the above has been corrected so that another inspection can be made.

Very truly yours,

OIL CONSERVATION COMMISSION

W. A. Gressett
