Re: White #1  
NW NE, 12-10-27  
Chaves County, N. M.

Gentlemen:

In checking our file on the above well we find there are some forms needed to complete the file. They are as follows, C-103 on the 13-3/8" surface casing and on the 8-5/8" Intermediate casing. C-105 Well Record. The C-103 plugging report that we have states that in the near future you plan to shoot the 8-5/8" casing @ 1400', pull it and finish plugging. When this work has been done please file Form C-103 stating how much casing was recovered and where the plugs were set.

Very truly yours,

Oil Conservation Commission
