Tonkin No. 2 Well Unit G
Section 8, T-7-S, R-26-E,
Chaves County, New Mexico

Gentlemen:

As you are aware Mr. Andy Grooms and myself recently purchased mineral rights under the Tonkin lands on which the above described wells were situated.

Inasmuch as the Oil and Gas Leases covering this acreage terminated in 1973 due to lack of production, we are requesting that you please plug and abandon the well pursuant to New Mexico Oil Conservation Division parameters.

A review of the O.C.D. files indicates that a notice to plug and abandon was approved on October 23, 1974, for both the No. 1 and No. 2 Well. Your early attention to this matter will be appreciated.

By copy of this letter we are advising the Oil Conservation Division that the leases under which the wells were drilled have long since terminated. We would appreciate any assistance they can provide in seeing that the No. 1 and No. 2 Tonkin Wells are properly plugged and abandoned.

Very truly yours,

Gentlemen:

As you are aware Mr. Andy Grooms and myself recently purchased mineral rights under the Tonkin lands of which the above described wells were situated.

Inasmuch as the Oil and Gas Leases covering this acreage terminated in 1975 due to lack of production, we are requesting that you please plug and abandon the well pursuant to New Mexico Oil Conservation Division parameters.

A review of the O.C.D. files indicates that a notice to plug and abandon was approved on October 23, 1974, for both the No. 1 and No. 2 Well. Your early attention to this matter will be appreciated.
