Dear Mr. Williams:

We have received a copy of an "Order of the Division", Case No. 10334, Order No. R-9627, wherein the State of New Mexico Energy, Minerals and Natural Resources Department, Oil Conservation Division has agreed to plug the No. 1-Keys Well, located 990' FNL and 330' FWL Sec. 33, T.6S., R.26E., NMPM, Chaves County, New Mexico, pursuant to the provisions of Section 70-2-38, NMSA 1978. The order states the well should be properly plugged and abandoned in accordance with a program approved jointly by the supervisor of the Division's Artesia District Office and BLM's Roswell Resource Area Office, as soon as is reasonably possible.

For your convenience enclosed are copies of well records and a diagram of the well with a downhole plugging procedure suggested by Peter Chester of this office. We have also enclosed a copy of the Order of the Division, No. R-9627 and a map of directions to the well site.

At your earliest convenience, contact this office to arrange a meeting on this matter. If you have any questions call Peter Chester at 624-1790.

Sincerely,

Sandra L. Allen
Area Manager
